Attn: H Gentsch,

Consistent with the rules of the Federal Communications Commission ("FCC"), on November 24, 2003, Verizon Wireless will begin competitive porting by offering customers local number portability ("LNP").<sup>197</sup> The FCC sought to simplify the task of identifying the switches in each MSA in which number portability is deployed and to facilitate competitive entry.<sup>198</sup> The FCC's rules require local exchange carriers to make available, upon request by any interested party, a list of their switches for which provisioning of number portability has been requested (and therefore provided) and a list of their switches for which provisioning of number portability has not been requested.<sup>199</sup> Verizon Wireless requires only a list of switches and NPA-NXX codes for which provisioning of LNP has not been requested.

Verizon Wireless has simplified this request by attaching a form containing a list of switches and codes for your review. This list was derived by using the LERG and comparing it to Verizon Wireless's licensed service areas. The list identifies the switch CLLI and NPA-NXX codes that Verizon Wireless believes are not yet LNP capable. Please review and update the attached form, making any necessary changes or additions to the list regarding switches and codes that have not been marked portable. Please indicate the date by which the switch and codes will be LNP capable.<sup>200</sup> Any comments can be made in the column provided on the form.

Verizon Wireless requests that you review, update and return the attached form to the undersigned contact within 10 days of receipt. Please call the undersigned with any questions or concerns.

Linda Godfrey  
Verizon Wireless  
Interconnection, Numbering and Mandates

Enclosures

<sup>197</sup> See 47 C.F.R. § 52.31.

<sup>198</sup> Local Number Portability, *First Memorandum Opinion and order on Reconsideration*, 12 FCC Red. 7236, ¶¶59-66 (1997).

<sup>199</sup> *Id.* at ¶64; 47 C.F.R. § 52.23(b)(2)(iii).

<sup>200</sup> The timeframes for conversion to LNP of any additional switches are governed by the FCC's rules and range from 30 days to 180 days, depending upon the status of the switches (*i.e.*, equipped remote, hardware capable, capable switches requiring hardware, and non-capable). 47 C.F.R. § 52.23 (b)(2)(iv)(A-D).

## Bonafide Request Form (BFR)

### Purpose:

The purpose of this letter is to request the deployment of long-term Local Number Portability as defined by the FCC. Specifically, this form requests that ALL codes serving the Metropolitan Statistical Areas be opened for portability in the LERG and the NPAC and ALL switches serving these areas are LNP capable.

Note: MSAs refers to the identified U.S. Census Bureau MSAs for 2000. These may differ from the MSAs as separately defined by the wireless or wireline industries. In those instances where no MSA has been identified, please reference Rate Center to ensure switches and NPA-NXXs serving those areas are opened for porting.

Dear Ms. Godfrey:

We have received your May 28, 2003 letter requesting Local Number Portability. Currently, we are reviewing this issue with our regulatory group and company attorney, and will follow up with you if our review uncovers any issue concerning your request.

If you have any questions or concerns, please feel free to contact me at 618-939-9269.

Sincerely,

Shawn Dinkelman  
Revenue Analyst

Ms. Godfrey  
Verizon Wireless  
Interconnection/Numbering/Mandates  
2785 Mitchell Drive MS 7-1  
Walnut Creek, CA 94598

Dear Ms. Godfrey:

This is a follow up to our original letter dated June 4, 2003 concerning Verizon Wireless's request for Local Number Portability. We have completed our initial review for your request for Local Number Portability ("LNP"). It is our understanding that the FCC order referenced in your request, FCC CC Docket 95-116 and the November 24, 2003 implementation for LNP, applies to CMRS carriers.

Your request for LNP implementation appears to have been issued in error. Therefore, we do not anticipate implementing LNP capabilities in our service territory at this time.

If you have any questions, please contact me at (618) 939-9269.

Sincerely,

Shawn Dinkelman  
Revenue Analyst

Re: Bona Fide Request for Number Portability ("BFR")

Dear Shawn Dinkelman,

Verizon Wireless has upgraded all of its switches for wireless number portability and plans to offer customers the ability to port in our mutual overlapping service areas, as required by the FCC's rules. Previously, Verizon Wireless mailed a bona fide request for number portability to your company, consisting of a cover letter and an attached industry-developed bona fide request form. The BFR was intended to ensure that consumers can enjoy the benefits of competitive porting among wireless and wireline carriers, where requested by a competing carrier, by November 24, 2003, or a subsequent timeframe as outlined by the FCC's rules.<sup>23</sup>

Verizon Wireless requested information designed to determine: (1) where porting is currently available; and most importantly, (2) where and when porting would be available in additional switches not currently porting capable. To this end, Verizon Wireless provided specific information regarding, among other things, the targeted rate center, NPA-NXX codes and the switch CLLI.

Verizon Wireless does not accept your response rejecting its BFR. Verizon Wireless hereby renews its original request with the same effective date triggered by that request. Specifically, Verizon Wireless rejects the following arguments offered by your company and/or other companies that the BFR must be predicated on:

- Negotiating an interconnection agreement or a traffic exchange agreement. The LNP rules do not include such a requirement. Service Provider LNP is merely a service that allows customers to retain their telephone number in the same location when switching providers and does not change existing network configurations for call rating and routing. No interconnection or traffic exchange agreement is necessary and more importantly, is not required. Verizon Wireless is willing to negotiate a service level agreement ("SLA") or other document to govern the porting activity and is in the process of contacting carriers for that purpose.
- Resolution of pending issues before the FCC regarding rate center issues, local network configurations, porting intervals, and any other remaining operational issues. Although Verizon Wireless believes that these issues will be resolved well before the November 24, 2003 deadline for wireless portability, resolution is not required for issuance of the BFR and compliance is not excused during the FCC's deliberations.

Verizon Wireless expects that you will comply with the FCC's rules and honor its BFR when customers seek to port their numbers to Verizon Wireless on or after November 24, 2003. Verizon Wireless will pursue all legal or enforcement remedies before the FCC if your company refuses to provide LNP with Verizon Wireless on or after November 24, 2003 deadline.

Bonnie Petti  
Network Operations Headquarters Staff

cc: John T. Scott, Deputy General Counsel

<sup>23</sup> The timeframes for conversion to LNP of any additional switches are governed by the FCC's rules and range from 30 days to 180 days, depending upon the status of the switches (i.e., equipped remote, hardware capable, capable switches requiring hardware, and non-capable). 47 C.F.R. § 52.23 (b)(2)(iv)(A-D).

**RE: Local Number Portability**

Dear Ms. Petti and Mr. Scott:

On behalf of our client Harrisonville Telephone Company (Harrisonville), we are responding to your letter dated September 5, 2003.

We note that Harrisonville initially did not make any of the "negotiation" or "resolution of pending issues" arguments that your letter claims were advanced by "your company and/or other companies." Rather, Harrisonville's June 11, 2003 response indicated only that the FCC order and implementation date upon which your request was founded applied to wireless-to-wireless local number portability, and that the request appeared to have been issued in error to Harrisonville, a wireline carrier.

Harrisonville will comply, to the best of its understanding and ability, with all Federal Communications Commission (FCC) requirements and deadlines that are applicable to it. However, as of this date, the FCC's 1996 decision not to require location portability remains fully in effect. Telephone Number Portability, *First Report and Order and Further Notice of Proposed Rulemaking*, 11 FCC Rcd 8352 (1996), at paras. 181-87. Harrisonville believes that this FCC decision means that it and other wireline carriers are not required to port local numbers outside their applicable rate centers. Your own wireless trade organization appears to recognize that wireline carriers have no current obligation to port numbers outside their rate centers, and is prosecuting a pending request that the FCC create or "clarify" such an obligation via a declaratory ruling. *Petition for Declaratory Ruling of the Cellular Telecommunications & Internet Association*, CC Docket No. 95-116, filed January 23, 2003. See also *In re Cellular Telecommunications & Internet Association, Petition for Writ of Mandamus to the Federal Communications Commission*, Case No. 03-1270, filed September 5, 2003.

Ms. Bonnie Petti  
John T. Scott  
September 10, 2003  
Page 2

Unless and until the FCC reverses itself and requires Harrisonville and other wireline carriers to port local numbers outside their rate centers, Harrisonville will not process requests for local number portability from Verizon Wireless and other carriers that have no facilities or numbering resources within the applicable Harrisonville rate center(s). Harrisonville believes that porting local numbers outside its rate centers without a clear and express FCC mandate would be unfair and confusing to its local customers who, among other things, could be assessed toll charges for calls they assume to be local.

Harrisonville further believes that, if the FCC reverses or modifies its existing ruling regarding location portability, it will establish reasonable implementation requirements, conditions and schedules for the porting of numbers outside wireline rate centers. Harrisonville does not believe that a November 24, 2003 deadline would be reasonable, or that the FCC would require such precipitous implementation. However, Harrisonville reiterates that it will comply with any and all applicable FCC requirements, or seek appropriate regulatory or judicial relief.

If you have any questions, please feel free to contact me.

Very truly yours,

Gerard J. Duffy

Hi, I am Marie Moore and I am contacting you regarding Local Number Portability between Verizon Wireless and Harrisonville Telephone Company. I am documenting the information necessary to complete a port between the two companies. I am looking for a fax number, email address, or web address to send LSR's to. I would also like to know which LSOG version you use. I would appreciate a call back with any information you can provide. Please contact me at: (248)914-3430 or please email me at: marie.moore@verizonwireless.com

Thank you.

Ms. Moore:

Harrisonville Telephone Company has been in correspondence with Bonnie Petti, Network Operations Headquarters Staff and John T. Scott, Deputy General Counsel of Verizon Wireless regarding Local Number Portability requests. We consider these individuals our points of contact on this issue.

Yours truly,

Lee Whitcher

Re: Local Number Portability

Dear Shawn Dinkelman:

The FCC has recently reiterated the pre-existing deadlines for local number porting for wireless and wireline carriers operating outside the Top 100 MSAs, effective May 24, 2004. Verizon Wireless Cellco Partnership d/b/a Verizon Wireless would like to begin to complete a Service Level Agreement (SLA) to ensure a smooth transition to number portability by establishing procedures to govern the exchange of information during the porting process. Specifically, an SLA would serve several purposes: memorialize the intercarrier communications processes that the two carriers intend to follow, capture appropriate porting center and trouble contacts, and contain the parties' agreement to successfully facilitate porting customers. If you have not already received a copy of our SLA, you can obtain one by contacting Sharon Canas at 925-279-6122 or email [Sharon.Canas@VerizonWireless.com](mailto:Sharon.Canas@VerizonWireless.com).

If negotiating an SLA is not possible in the next few weeks before the LNP deadline, Verizon Wireless's immediate concern is in obtaining, at minimum, a Trading Partner Profile (TPP). The TPP would provide basic factual information necessary to accomplish portability and would include those entities covered by the profile and any back-office or porting center contacts. Verizon Wireless plans to integrate this information into its information systems and also provide it to personnel staffing our porting center. Whether or not an SLA is ultimately executed, sharing this type of factual information is necessary to facilitate porting as well as fallout resolution. In this regard, we have enclosed a copy of the TPP with appropriate contact information.

Please include a response to this request along with a point of contact for provision of TPP information and/or SLA discussions in a letter or email addressed to the undersigned. Thank you for your immediate attention and cooperation.

Note: Each carrier shall make available a Porting Administration Group or Trouble Reporting contact on a 24x7x365 basis.

The Trouble Reporting Contacts may be amended from time to time by a carrier upon providing thirty (30) days' written notice to the other at the General Contact Information set forth in this Part A.

The carriers' contact information contained in this Trading Partner Profile is for the sole purpose of carrier-to-carrier communication and not for distribution to customers and/or end users.

**Part C – Trouble Ticket Detail****For Verizon Wireless:****Information Required For Logging Trouble Tickets\***

The following may be required for trouble reports:

- Carrier Name;
- Reporting Carrier organization;
- SPID and associated OCN(s);
- Point of Contact Name;
- Point of Contact Number;
- Porting Telephone Number/MDN;
- LRN;
- Time and Date of Port;
- Associated Error Codes;
- Description of Problem; and
- Other relevant data.

**For Wireline Carrier B:****Information Required For Logging Trouble Tickets\***

The following is proposed information for trouble reports:

- Carrier Name;
- Reporting Carrier organization;
- SPID and associated OCN(s);
- Point of Contact Name;
- Point of Contact Number;
- Porting Telephone Number/MDN;
- LRN;
- Time and Date of Port;
- Associated Error Codes;
- Description of Problem; and
- Other relevant data.

\*Each carrier shall make available a Porting Administration Group or Trouble Reporting contact on a 24x7x365 basis.

**The carriers contact information contained in this Trading Partner Profile is for the sole purpose of carrier-to-carrier communication and not for distribution to customers and/or end users.**

**Part D – Porting Validation Standards****For Verizon Wireless:****Information Required For Post-Paid Port Validation:**

1. Billing Last Name
2. Business Name if no information for Billing Name
3. Five Digit Zip Code
4. SSN/Tax ID Number
5. Account Number if no SSN or Tax ID
6. Porting Telephone Number

**Information Required for Pre-Paid Port Validation:**

1. Porting Telephone Number
2. Password/PIN

**For Wireline Carrier B:****Information Required For Post-Paid Port Validation:****Information Required for Pre-Paid Port Validation:**

Note: Other than those mandatory data items set forth in Section 3.3.1 of the WICIS, the above shall be the only information which may be utilized by a carrier to this Trading Partner Profile to validate a port request for post-paid numbers. "Delay" or "denial" of ports between the carriers shall occur only in the event a carrier is unable to complete the validation of those validation elements expressly set forth above. Once validated, the Carriers shall be obligated to complete the porting transaction. Any variations or proposed changes in the agreed data fields noted above shall be communicated to the other carrier at the information provided in Part B.
